Afternoon Workshops

A. Progress Monitoring

The Strategic Plan of English Language School Board has set ambitious goals for improving student achievement in mathematics and writing. Such goals require an ambitious system response.

A significant component of the new system is Progress Monitoring. Please join Dr. Tammy Hubley-Little, ELSB Leader of Curriculum Delivery, as she shares details of how the system will work for students of the ELSB and improve parent-teacher communication.

B. Graduation Planner

The Student Graduation and Transition Planner was developed to support students and parents in making informed choices as they transition to high school and post high school life. The Planner, introduced in Feb. 2015 to all grade 9 students, will support current and subsequent grade 9 classes as they move through high school. Teachers, parents, and students receive support in the career development process, a hard copy guide, and an online planning program customized for PEI students. Join Mitch Murphy, ELSB to learn more.

C. Are we feeding our students?

A discussion of breakfast programs, lunch programs, food security, and poverty and their impacts on education.
