(See **Round Table discussions** for details)  
8:30 Adjournment

**Round Table discussions....**between our Home and School members and others in the education system will focus on practical solutions and actions for each topic area.

The following four sessions will be repeated twice. Each participant will be able to participate in two discussions.

**1. Student Achievement** - Outside of advocating for attention and resources from the board and department, what practical things can parents do to improve student achievement?

**2. Staffing and Schools** - What are our priorities for advocating on staffing and school issues? Improving communication? Stopping cuts to teaching positions? Keeping schools open? Changing school attendance zone boundaries?

**3. Health and Wellness** - How can Home and Schools and administrators engage in supporting health and well being of students? Active at School Program? Breakfast Nutrition? School Health Grants Program? Wellness Grade 10?

**4. Communication** - How can school forms, report cards, newsletters, Students Achieve, and web sites and school newsletters be improved to make them more effective and useful?
