Dear Premier and Mr. Whelan,

Thank you for your letter of 27 November 2015 inviting the PEI Home and School Federation to participate in the Learning Partners Advisory Council.

Collaboration has been at the heart of the home and school approach for more than 60 years, and we look forward to a new opportunity to engage our membership, through our representative, in discussion of public education.

In my capacity as President of the PEI Home and School Federation, I will be the representative to the Learning Partners Advisory Council.

The position, however, will ride with the position of *Past-President* of our Federation, as it is the feeling of our directors that the person holding that position will be best suited to contribute to the dialog, having spent the two previous years immersed in a “crash course” in the public education system in their role as President.

My term as PEIHSF President comes to an end in April 2016; in this regard, thus, I ask that you consider my term to be one of the *two year* terms so that my successor as Past-President can assume the role in the fall of 2017.

I look forward to working with you both, and with the other members of the committee, to chart a reinvigorated course for education in the province.

Regards,
