Recognition and Awards Programs

Background

Each year, the PEI Home and School Federation recognizes school staff, school bus drivers, school crossing guards, volunteers and long-serving Federation board members. An overview of each award, along with the criteria for eligibility can be found in this Recognition and Award Programs package. Nomination forms for each category are in this package and on the Federation's website at: peihsf.ca. Home and Schools are encouraged to appoint an Awards Selection Committee to review criteria and consider nominating special people in your school community.

Awards

Extra Mile Award
