When one person speaks alone,
It's an opinion.
When 10 of us speak together,
It's a concern.
When 50 of us speak together,
It's a strong suggestion.
When 200 of us speak together,
It's a movement.
But when 5,000 families and
100 group affiliates
speak together,
It's a victory for children!

Strengthening Our Voice

YOUR CHILD IS

WORTH..

...your involvement in
their education

...a few hours a year!

What is Home and School?

Home and School is a volunteer, non-profit advocacy organization made up of parents/educators/school staff that promotes the total well-being of children and the highest standards in education for each child in the province.

When families and teachers work as partners, children do better in school and at home!

“Home and School is a wonderful window into our child’s school life, and a great way to show support for other students, families, educators-all staff in school communities.”
