Who we are...

- ✚ We are a group of people working together to better understand how to advocate for children and youth so that they can reach their potential.

What we do...

- ✚ We promote the total well-being of children and the highest education standards for each child in the province.
- ✚ Through communication, we acquire a better knowledge and understanding of our children and the influences that affect them. We provide a forum for discussion between the home and the school beyond the parent-teacher interview.
- ✚ We promote and secure legislation for the care and protection of our children.
- ✚ We confer and cooperate with community organizations that are concerned with the training and development of children and youth in our home, our school, and our community.

How we do it...

- ✚ Through local Home and School Associations, the PEI Home and School Federation and provincial and decision-making bodies, we advocate for the best possible education and total health and well-being for all students in Prince Edward Island.

Our children need all the help we can give them.

We need each other because...

- ✚ 'Home and School' is our means of a united voice, and when parents and teachers agree on a good cause and present their convictions together, they are heard, and their opinions are valued.
- ✚ Our numerous but quiet accomplishments are evidence that much more is achieved together than could be done by either the home or the school separately.
- ✚ Children and youth, parents, and school staff across Prince Edward Island benefit when you join the P.E.I. Home and School Federation.
